To whomsoever it may concern,

I am writing to verify and provide a recommendation for Rishabh Jain residing at One Crest Thousand Lights West, Chennai, Poombukar Nagar, Tamil Nadu 600008.

Rishabh served as an Assistant Director for our film titled "Kurinji." His tenure spanned from July 1st, 2023, to September 18th, 2023 at 90 Pictures Production. Throughout this period, he demonstrated various skills and qualities vital to filmmaking. Some of his significant contributions include:

1. **Script Analysis & Adaptation:** Collaborated closely with the director to review and refine the script, ensuring alignment with the envisioned narrative.
2. **Pre-Production Visualization:** Utilized AI tools like Midjourney to craft scene visualizations, aiding in shooting scene set-up and creative direction.
3. **Talent Coordination:** Developed artist schedules, contributed to casting decisions, and ensured timely call-ins from the caravan for seamless shooting schedules.
4. **On-Set Management:** Spearheaded on-set coordination, managing personnel, and ensuring smooth progression of shots and scenes.
5. **Collaborative Costume & Prop Design:** Engaged with costume designers, stylists, and production teams to guarantee timely and precise costume deliveries and measurements. Created detailed prop lists tailored to specific scenes.
6. **Historical Accuracy Research:** Conducted in-depth research on period-specific elements like costumes and cars, ensuring authentic representation in the movie.

7. Directorial Assistance: Guided actors on set, providing constructive feedback and direction to enhance performances.
8. Team Collaboration: Worked in tandem with fellow assistant directors to synchronize scene shooting schedules, consolidate artist lists, and refine prop lists, ensuring a streamlined and efficient production process.
9. Coordination with Cinematography Team: While shooting, meticulously documented all camera shots, angles, lens details, aperture settings, and shot types, coordinating closely with the Director of Photography (DOP) and Assistant DOP to ensure accurate representation in the editing report.
10. Vehicle Direction for Cinematic Shots: Directed cars and moving vehicles to achieve desired cinematic effects. Coordinated with drivers, stunt teams, and the cinematography crew to ensure safe and effective execution of dynamic vehicle sequences.

In summary, during our shoot, Rishabh consistently demonstrated a practical and hands-on approach. His use of tools like Midjourney for scene visualization proved helpful in our planning stages. He was thorough in his documentation, and his coordination with the cinematography team ensured that we were always aligned in our vision. What stood out was Rishabh's ability to work well with everyone, whether it was the costume department or talent coordination. His methodical approach to filmmaking and his genuine passion for the craft were evident throughout our project.

Rishabh is a dedicated professional who now understands the nuances of filmmaking. His collaborative nature and adaptability make him a reliable team member. I believe he has the potential to contribute positively to any film project, and I'd recommend him for roles that align with his experience and skills.

Sincerely,

Ganesh Vinayakan
